“I am reminded everyday of the importance of the human-animal bond. With the help of my competent and compassionate staff, my job affords me the ability to nurture that bond, which in turn enhances the quality of the pet’s life.”

DR. PAULA KLEK oversees the entire MSPCA–Angell facility on Nantucket, relying upon an expert and professional staff to allow her to focus on practicing quality veterinary medicine and surgery. Preventive and wellness medicine is particularly important to her, with an emphasis on client education.
